10. **REPORT OF THE PRESIDENT:**

a. Reorganization of the Board

Dr. Drake reported that the College is required to report to the State the Board's election of officers each year. During the July 25, 2007 Special Board meeting, Mr. Theriac was elected as Chair and Mrs. Wilson was elected as Vice Chair. The College is also required to provide to the State the days, times and locations of Board meetings for the coming year, as approved by the trustees.

Mrs. Sansom suggested that Board workshops should not be separate from Board meetings, since most of the workshops involve presentations that could be given during the Board meetings. Mr. Theriac concurred. Mr. Nohrr commented that workshops are generally more informative and informal and no actions are taken. It was agreed that issues such as Policy Governance, the President's evaluation process, and discussion of four-year programs are substantial issues that may require considerable time for discussion, and hence may not be appropriate for a Board meeting.

Board members agreed upon 9:00 a.m. for the meeting time, on the third Monday of the month. The primary location for Board meetings will be the Cocoa Campus, with meetings once per year at the Melbourne, Palm Bay and Titusville Campuses. Dr. Drake will circulate a schedule to the trustees.

Dr. Astrab commented that having the Board meetings at 9:00 a.m. will likely affect the availability and participation of faculty members. Mr. Theriac commented that faculty members already dedicate numerous hours of service to the College, and added that holding Board meetings later in the day might present similar challenges for faculty who teach evening classes.

b. Committee Assignments (Addendum)

Dr. Drake commented that the assignments reflected in the table circulated to the Board is now outdated, and may or may not be at variance with the requirements of Florida

statutes. Mr. Nohrr confirmed that the statutes require the President and a member of the Board of Trustees to serve as voting members of the executive committee of each Direct Support Organization. Other committees included in the table appear to have been created on an as-needed basis. It was agreed that a new table would be developed to reflect Board membership on the Direct Support Organizations – namely, the Maxwell C. King Center for the Performing Arts, the Historic Cocoa Village Playhouse, and the Brevard Community College Foundation.

The Board agreed upon the following Committee assignments:

Maxwell C. King Center	Mrs. Wilson
BCC Foundation	Mr. Richey
Historic Cocoa Village Playhouse	Mrs. Sansom
Intercollegiate Athletics	Mr. Richey
Alumni Relations	Mrs. Wilson

Dr. Drake agreed to circulate a revised listing of committee assignments for the Board's approval.

Mrs. Wilson suggested that the College continue its relationship with the YMCA. Dr. Drake advised that from a legal standpoint, the College must be sensitive to conflict of interest issues involving the College and the YMCA. All negotiations between the College and the YMCA have been delegated to Mr. Frank Billings, Interim Vice President for Operations and Planning.

c. **Announcements**

Dr. Drake reported that preliminary enrollment data for Fall Term 2007 indicate that student credit-hours have increased by approximately 10 percent compared to Fall Term 2006. Although final enrollment data will likely be somewhat lower after add/drop, the increase in credit hours will be substantial compared to enrollment trends in the recent past. While this increase may be explained by the confluence of several factors, including recent increases in regional and statewide unemployment rates, the most significant factor appears to be the augmented marketing initiatives the College launched in recent weeks. Dr. Drake also commented that if unemployment rates continue to rise, enrollments will almost surely increase for the Spring Term 2008, as has long been the case with community-college enrollments during economic downturns. Although the projected shortfalls in state revenues will present substantial challenges to the College's ability to support significant enrollment increases this year, the College previously eliminated a number of senior-level administrative positions, and is prepared to put into place a series of temporary restrictions in order to further control operating-budget expenditures.

Dr. Drake also announced that Dr. Brenda Fettrow has agreed to serve as Interim Executive Director of the BCC Foundation, effectively immediately. Dr. Fettrow will retain her current status and title as a Commissioner of the SACS Commission on Colleges, and will also continue to oversee Resource Development and Intercollegiate Athletics.

Dr. Drake reported that the College will also contract with Donovan Management, Inc., to conduct an assessment of the BCC Foundation prior to initiating a search for a permanent Executive Director. The principals of Donovan Management, Inc., include Mr. James Donovan, founding chief executive officer of the UCF Foundation, and Mr. Jonathan Flint, also a former chief executive officer of the UCF Foundation.

11. **MISCELLANEOUS:**

a. Lowe's Land Purchase

Mr. Nohrr reported that the instruments for the Lowe's land purchase have been signed, and the funds are in escrow. It is anticipated that the Foundation will receive \$300,000 within the next thirty days.

b. SACS Committee

Dr. Drake advised that it would not be appropriate for the College to maintain a SACS Committee at this time since the College is not currently in the reaffirmation cycle. Dr. Drake introduced Dr. Denise Young, Associate Vice President of the UCF Southern Region Campuses of Brevard Campuses. Dr. Young was responsible for coordinating the University-wide reaffirmation process for UCF, and will be a valuable resource for the College. Dr. Fettrow reported that the SACS Commission has scheduled a site visit for BCC in 2012.

c. Campus Hour Changes

Dr. Drake reported that the four-day week pilot program was a great success in terms of morale and cost and energy savings. The first edition of *BCC on the Move*, the collegewide newsletter, contains a summary of the pilot program. The College will begin a four and one-half day workweek on August 20, and will return to the four-day workweek in the summer of 2008.

d. Joint Meeting between the Legislative Delegation and the Board of Trustees

Ms. Sansom suggested a meeting with the legislative delegation and the trustees would be beneficial. Dr. Drake reported that the College has traditionally hosted a meeting with the Brevard Delegation prior to each legislative session, and has co-sponsored these meetings with the Brevard County School1.156 0 TD0.00TJ0 -1. anprio
